

JERRY BOHNSACK
2010 RALPH KLAPPRICH AWARD RECIPIENT

The 2010 Ralph Klapprich award recipient is, Jerry Bohnsack, an incredible supporter of the “HEART and SOUL” of Confidence Learning Center, our Campers and their support staff. None of the Campers that benefit from attending camp have ever even met Jerry but love him all the same. He is a “behind the scenes” guy that is also a phenomenal supporter of Confidence staff too.

Jerry personally works at most of the Confidence Learning Center special events that raise funds to subsidize the fees that are charged to our user groups. Campers pay about one third of the actual cost per day and Jerry helps raise the other two thirds. He also volunteers during our annual Diamond in the Rough camp clean up days as a zone leader. As a zone leader Jerry works alongside other volunteers keeping up their enthusiasm while he oversees projects like painting picnic tables, building railings on decks, leaf raking and removal, erosion landscaping, brush removal, firewood splitting and stacking, cleaning cabins and more.

Jerry never wants any accolades for his efforts, refuses to keep track of his volunteer hours and in fact has a tendency to hide if he has a notion he will be recognized for this contributions to Camp and our Campers.

Jerry, Confidence Learning Center board of directors, camp staff and most importantly our campers THANK YOU for your dedication towards keeping Camp an affordable and well kept place that helps us all grow towards our maximum potential.
